

How to track your child's account balance with Champ's Cafe

At Champ's Cafe,
we understand that part of our work is to
help you
help your child
develop money management skills.

IDEAL: Subscribe to www.PayPAMS.com (\$10 for a 12 month subscription fee; \$1.00 transaction fee) and check your child's account balance online.

If you do not subscribe to PayPAMS:

- #1 Encourage your child to ask the cashier "What's my balance?" and then ask your child how much money is "on their account".
- #2 Email your child's [Champ's Cafe Manager](#) and ask for your child's account balance.
- #3 Call your child's [Champ's Cafe Manager](#) and ask for your child's account balance.

Please note that if you email or call the Food & Nutrition Services office, account balance info will be one day behind, so it is best to call your child's school.
