

# About Us...

At iSTAY, our mission is to motivate and inspire our students in an extended day format that is predominately guided by experiential learning in Science, Technology, and the Arts, with the goal of creating curious knowledge-seekers.

iSTAY is an extended-day program run by teachers and paraprofessionals of Meadow Park. The values and traditions that we teach in our school setting, such as leadership skills, positive expectations, and 7 Habits of Happy Kids, are maintained in iSTAY.

In addition to the engaging activities, students receive a healthy snack and homework help each day.

**G.A.T.O.R. Expectations**

**G**et Ready to Learn  
**A**ct Responsibly  
**T**ry Your Best  
**O**wn Your Choices
